### **Fluid Spill**

BISMARCK, N.D. – The North Dakota Department of Health has been notified of a spill of approximately 600 gallons of de-icing fluid at the Theodore Roosevelt Regional Airport in Dickinson. Information on the spill was received from a concerned citizen. It is believed that the spill likely occurred sometime on Monday, February 10.

The Department is working with the airport management to investigate and remedy any issues that may be identified regarding the handling of de-icing fluid. For more information, contact Kris Roberts or Karl Rockman, North Dakota Department of Health, 701-328-5210.
